NCCCO Crane Operator Training Class
Articulating Crane School

www.nccco.org for more info, study guides and rules

Website- www.nccco.org Great information!

To All Candidates:

Crane Specialists, Inc. will be hosting a NCCCO articulating crane school class beginning on Wednesday February 26, 2025. This course will include all training materials and exams that are required to obtain your Crane Operators NCCCO Accreditation. This is a two-part test that consists of a written exam and a practical exam. Operators should be experienced in operating articulating cranes and should possess basic math skills. **This course is intended for operators with experience. It is not designed to be an operator's development course.** A paddle style radio remote control crane will be provided for practical exams. Candidates will be given ample time to practice the course.

The Crane Operators NCCCO Accreditation meets or exceeds all of the new ANSI/OSHA rules. Our class will cover both ABC (articulating crane with hook) and ABW (articulating crane with winch) classifications. With a passed written and practical exam the candidate will receive a certification card that is good for 5 years.

02/26/25: Written test training will begin promptly at 7:30 am and continue until approximately 4:00 pm. We will be meeting at Rohrer's Service Center. Rohrer's Service Center is located at 16 Lititz Road, Lititz, PA 17543. The parking lot for the class is on Erb's Quarry Road. Pastries and coffee will be provided in the morning and lunch will be provided at noon.

02/27/25: Written test training will begin promptly at 7:30 am and continue until 09:45 am. At 10:00 am, candidates will take the written exam. The written exam is 100% computer based (Laptops will be provided). The remainder of the day will be committed to completing practical exams at our shop located at 70 East End Drive, Manheim, PA.

02/28/25: The remaining practical exams will be held at Crane Specialists, Inc. as needed in our lower yard.

Cost:

- The cost for this class will be **\$2,000.00** per applicant. This includes approximately \$350.00 in fees paid to NCCCO (National Committee for the Certification of Crane Operators). Recertification candidate cost is **\$1600.00**. Also included in the cost are fees for training, materials, lunch, and the crane that will be used for practical exams. This money should be paid in full and submitted with written candidate applications 2 weeks prior to class. A cancellation fee of **\$360.00** will be charged if candidates back out of the class within two weeks of the class taking place.

This class is limited to a max 14 applicants and is on a first come first serve basis. Please call, fax or email me to reserve your spot and confirm attendees. Please do not hesitate to call me with any questions that you may have.
